Professional Services includes:

- **Quick** turnaround - most requests completed within 2 business days.
- **Automated request tracking** - you'll know we received your request and you'll know when we've completed it.
- Access to Web Services **Photo Library.**
- Reasonable **standards compliance.**
- **Tested** for reasonable display in current target browsers and screen resolutions.
- **A la carte pricing** so you only pay for what you use.

Hourly Rate **\$100/hour***

*Quarter hour increments, \$25.00 minimum charge.

WEB AND EMAIL HOSTING

WESCO Net Web Services offers state of the art web hosting in a SAS 70 certified, secured data center. Our competitively priced hosting plans include serving your web site to the Internet, email services, site statistics, and more. See our web site for more information.

Hosting Plans start at \$25/month.

DOMAIN NAME SERVICES

Your Domain Name is how your members find your web site on the Internet. Domain names are rented annually from accredited vendors. WESCO Net Web Services will work with you to register and renew your domain names annually. This is a managed solution and we monitor the renewal process as well as serve your domain name to the Internet.

Domain Name Registration and Service \$50/year

WEB SITE EVALUATION REPORTS

The WESCO Net Web Services team of professionals will analyze your site for usability, consistency, accessibility and standards compliance. In addition, we'll provide some subjective results and professional opinions on style and form. We'll also make any technology recommendations that may benefit your site.

Report..... \$250

SITE SEARCH

Thanks to Google, searching is expected these days. WESCO Net Web Services can add a site search to your web site so your members and visitors can easily find what they are looking for. This site specific search refreshes daily to keep the current information in the results.

Set up \$500 setup
Maintenance..... \$10/month

CUSTOM COPY WRITING

Believe it or not, the hardest part of making a web site is coming up with the

content. Your web site content has to be fresh and exciting and accurately sell your products and services. WESCO Net Web Services has access to the CU*Answers Writing and Marketing teams to help create your content. **Pricing varies.**

SSL CERTIFICATES

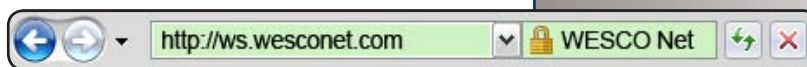

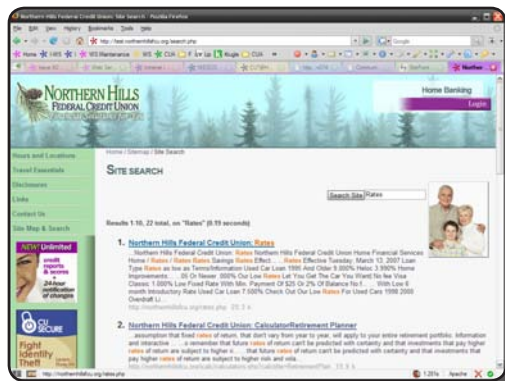

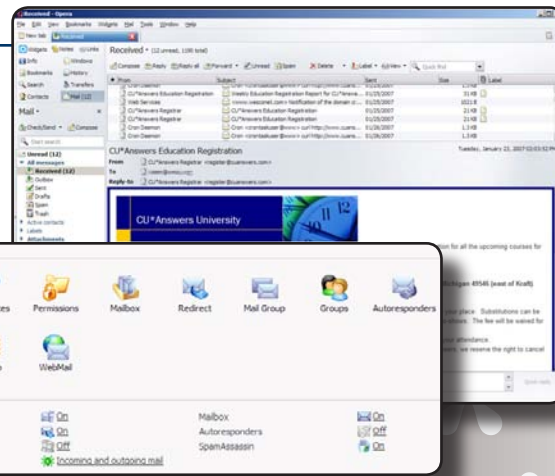

Online Banking is secured with SSL to protect your member's data. The majority of your site does not need to be secured, however some clients opt to secure it just for peace of mind. Some states even require it for your site. WESCO Net Web Services will work with you to obtain a SSL Certificate for your site. This SSL Certificate verifies your identity and your web site's identity to your members.

Maintenance..... \$25/month
Certificate \$399/certificate*

*Other certificate options available from Verisign and other vendors.
